

Monday 6th February, 2012

Dear Parents and Staff,

We need to glaze our greenhouse (the one in the Foundation Stage play area) but the cost is very high.

Our solution is to save money and help the environment by reusing and recycling plastic, whilst reducing your waste at the same time.

We would like you to keep for us any **2 litre plastic bottles** you may empty at home – ideally, the straight sided clear or green plastic bottle you get for fizzy drinks.

We estimate we will need up to 1500 plastic bottles.

Katrine, Anthony and the Gardening Club will add the bottles to the greenhouse as they arrive in school. Our greenhouse will become a living construction-in-progress!

Please collect as many as you can, rinse them out, remove the labels, and deliver them to school in a plastic bag or box. We will collect them for as long as it takes to finish our greenhouse, ideally before the growing season really begins. PLEASE HELP US - GET COLLECTING!

Thankyou!
