

PARKING  
AND  
SPEEDING

# Speeding

- ◉ Do your relatives speed?
- ◉ Speeding is not sensible.
- ◉ This is what could happen if you speed.

# Speeding

If your parents do speed tell them not to as you might have to pay a fine or get speeding points, so make sure they don't.

## Speed Guns and Cameras

There could be a policeman with a speed gun anywhere on the road, behind a bush or outside your house.

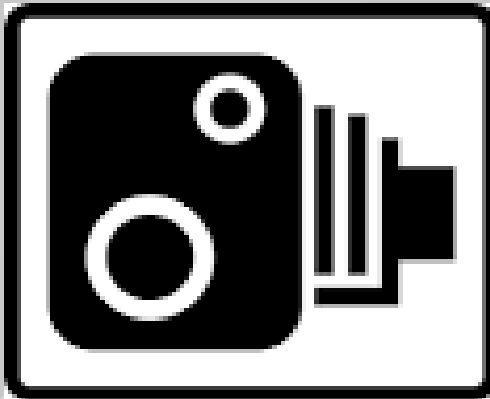

# SPEED CONTINUED... CAMERAS

Speed cameras are often yellow like these ones. They are normally quite obvious and have signs like this to tell you.

You have 12 points when you first get your driving license, and every time you speed you lose 3 points.

# WE HELD A SPEED GUN! 😊

As some of you may know we held a speed gun with Stuart the PCSO. We learnt that you shouldn't really go over the speed limit but if you do you can only go over it by 10% +1.  
*(for example: if the speed limit was 30 mph the you could go 34 mph)*
