

## Dahl Class – Autumn Term 1

### Is exploring important?

Reading Eggs and Mathletics task will be set on alternate Fridays (one-week Mathletics and the next Reading Eggs) and these should be completed by the following Thursday. Children are also more than welcome to use these resources at any point to earn those certificates! Children should also keep practicing their weekly spellings and of course read regularly.

Please choose 2 tasks below from separate areas (you are welcome to complete more if you wish) to complete, these should be brought into school between, Monday 11<sup>th</sup> October and Wednesday 13<sup>th</sup> October when we will celebrate the children's hard work. This homework will also be used as a display of all your hard work.

Maths	you remember number bonds to 20 (e.g. what numbers add together to make 20).	create a map of this place using your lefts and rights within it.	then, using 2D shapes, create a picture of what you found.
English	Go exploring in your garden. Write a description (don't forget to use adjectives), describing what you have found.	Create an acrostic poem using the word Explorer.	Write a recount of a time when you have been exploring.  For example, this could have been exploring a shop, the beach or a new house.
Big Question	Think of 5 questions you would like to ask Neil Armstrong. Don't forget your question marks!	Create your own flag to represent our class. Remember to think about what pictures you could use to represent our class.	If you could go anywhere to explore a new place, where would you go? Why?  Perhaps you could imagine you have been there and write a diary entry of what you got up to.
