

Dahl Class – Spring Term 1

Do inventions make the world better?

Reading Eggs and Mathletics task will be set on alternate Fridays (one-week Mathletics and the next Reading Eggs) and these should be completed by the following Thursday. Children are also more than welcome to use these resources at any point to earn those certificates! Children should also keep practicing their weekly spellings and of course read regularly.

Please choose 2 tasks below from separate areas (you are welcome to complete more if you wish) to complete, these should be brought into school between, Monday 7th February and Wednesday 9th February when we will celebrate the children's hard work. This homework will also be used as a display of all your hard work.

Maths	Find 5 inventions around your house and use a ruler to measure the length of them.	How many objects within your bedroom are made out of wood, metal, plastic and cotton. Can you display your data as a tally chart?	Create a picture of an invention using 2D shapes (remember these are flat shapes that you can not hold).
English	Write a setting description to match your favourite book.	Create an acrostic poem using the word Invention.	Choose an invention within your home and write a description of it.
Big Question	Choose your favourite invention. Carry out some research to find out more about it.	Can you find an invention that has made the world a better place and an invention that has not? Why do you think this?	Create an invention to help Dahl Class tuck their chairs under the tables. You could have ago at making this invention or draw and label a diagram of it.
