

# Morpurgo – Spring Term 1

## What natural resources do humans use?

Reading Eggs and Mathletics task will be set on alternate Fridays (one week Mathletics and the next Reading Eggs) and these should be completed by the following Thursday. Obviously, children are more than welcome to use these resources at any point to earn those certificates! Children should also keep practicing their weekly spellings, times tables and of course read regularly.

Please choose 2 tasks below from separate areas (you are welcome to complete more if you wish) to complete, these should be brought into school between, Monday 18th and Thursday 21<sup>st</sup> when we celebrate the children's hard work.

<b>Art and design</b>	<b>Make your own renewable energy resource and explain how it works e.g. creating a model of a wind turbine or solar panel.</b>	<b>Collect a range of natural resources and draw and label your findings.</b>	<b>Create an image of natural landscape.</b>	
	<b>Maths / English</b>	Create a leaflet to show different sources of renewable energy.	Investigate how much of the UK's energy is renewable. Produce a graph or table to show your results.	Draw a global warming cartoon - write an explanation to go with the cartoon.
	<b>Big Questions (demonstrate your answers to these however you see fit)</b>	What are the long-term impacts of burning fossil fuels?	What is the renewable resource is the most effective energy source to power to UK?	Do humans rely electricity too much?
