

## Homework

Today children will be bringing their Homework Menus home. We have adapted the way we are setting homework in light of the feedback we received and also the way things have changed in recent months. Each class has a Homework Menu, on here they can chose at least 2 tasks they wish to complete and can do so however they wish. These should be returned on the date stated on the Menu.

Each Friday children will have either a Reading Eggs/Eggpress, or Mathletics task set, Mathletics one week and Reading Eggs/Eggpress the next and this will be the same across the school. If you have any problems accessing either of these please let your child's class teacher know by writing a note in their home school book. This week will be reading Eggs.

Your child will also bring home a Maths Kirf (Key Instant Recall Fact) sheet. This will be sent home at the start of each term, if children learn, remember and understand the facts it will have a hugely positive effect on their learning within the classroom.

As always, listening to your child read and reading to your child regularly also has fantastic impact on all aspects of learning.

Many thanks for your continued support
