21<sup>st</sup> May 2021

We are almost at the end of another term, and once again the children have not let the 'changeable' weather effect their attitudes or learning which is fantastic to see. Once again there has been lots of exciting things going on, with virtual visitors, experiences and projects being completed and lots of fantastic learning!

## **Sports Day**

This year, Sports Day will be occurring on Friday 25<sup>th</sup> June with a reserve date of Thursday 1<sup>st</sup> July. As things stand, it will not be possible for parents to be present, at this time. We are working with the current guidance, however if this does change, we will let you know at the earliest possible time.

## **Parents' Evening**

Thank you to those of you who have logged on and booked appointments for Parents' Evening. We are not expecting any issues to occur on the evening, but in the event of any technical difficulties please email the office using [edenham.enquiries@southlincs-hub.co.uk](mailto:edenham.enquiries@southlincs-hub.co.uk). Although the issue may not be able to be resolved immediately, we will contact you to ensure you are able to discuss your child's progress with their class teacher. Likewise, if you have any questions or queries following your appointment, we will address these.

## **School Photos**

School class photos and Year 6 Leaver book photos will be taken on the morning of Monday 24<sup>th</sup> June.

## **Virtual Visitor**

Dahl Class were very lucky to be able to talk to Chris Page (an ITV Weatherman) last week. He helped the children with their understanding of the weather and seasons which links to their Science topic, and then answered questions they had for him. The children loved being able to talk to someone from the television!

## **A Real Life Reporter**

Blackman Class were lucky enough to be able to have a Q+A session with Sarah Cooper (a news Reporter from ITV) this week. She spoke to the children about her career and life behind the lens. This was a great opportunity for the children to find out about a different career and what is involved with it.

## **Reading Eggs**

As always, we take on board feedback from parents and children alike. When Reading Eggs tasks for homework are set, these will be slightly different activities which will hopefully make it easier for children to follow. This will be set on Friday 11th June - Athletics this week!

## **Home Learning**

We are all excited to see what the children have been producing this term from their Homework Menus. Children can start to bring these in now so we can celebrate the fantastic work the children have completed.

## Skills Builder

Our Skills Builder for this week has been Teamwork. There have been some fantastic displays of teamwork in outdoor learning and in the classroom. The children are really taking on board what these skills are and it is wonderful to see them being implemented in their day-to-day life.
