

NEWSLETTER

Number 13

9th July 2021

I can't believe this will be our final fortnightly newsletter of the year. We are so proud of our school community for how they have dealt with the unprecedented times. The children have shown remarkable resilience, staff within the school have shown amazing dedication and families of our pupils have provided great support to the school and children. As always, we will continue to follow guidance and will let you know our plans for September regarding organisation and times etc... over the next week.

NHS Tea Party

Hopefully you have all had an opportunity to see the wonderful flower display created by the children at the front of the school. Not only does it look fantastic, it is also a great reminder of the fantastic work those in the NHS have done (and continue to do) for all us in one form or another.

Skills Builder Project

We are really looking forward to carrying out our first Skills Builder Projects over the next week. For one day the children will not only learn a range of skills, but also have an effect in the local community. Each class will carry out a project, ranging from fundraising to creating healthy lifestyle exhibitions. We can't wait to share these with you all!

End of Year Awards

Each year, at our Leavers' Service, we present several awards. We are very much looking forward to sharing this year's winners with you. The Andrews Cup will be presented for the child who has made great progress in an area of school life and there will also be 1 child chosen from each class to receive the P.A.C.E Award. This is our new award presented to a child who has excelled in any of the following: Progress, Attitude, Commitment, Effort.

Reports

Your child will be bringing their end of year report home today. We ask that you do share this with your children, celebrate their successes and look at their targets which can be worked on over the summer break - our teachers will be more than happy to have conversations about how this can be done.

Toys

Just a reminder that toys should not be brought into school at any point. The children will not have the opportunity to play with these within the school day and it can cause upset if they become lost or broken.

New Playground Equipment

We continue to endeavor to give children the best experiences at all points in the school day, including break and lunch times. We cannot wait for the children to play with our new equipment in September. We have a wide range of activities for them, ranging from board games to circus skills!

School Lunches

You are now able to order school lunches via Willoughby Foods for September. We would advise you to order lunches as soon as possible to avoid missing the deadlines during the summer break.
