Number 3

22nd October 2021

We have made it to half term and what a half term it has been! We overcome difficulties and our community have shown how great they are at supporting one another. Our children are fully back in the swing of things now and showing what fantastic learners and people they can be. I hope you all have a great and well deserved half term break and we look forward to seeing you on Monday 1st November 2021.

Homework Menu

It has been amazing to see the efforts that children and parents have gone to in completing tasks on Homework Menus this term. The children have been so proud to show their peers what they have been up to and the learning that has occurred because of this has been wonderful. Thank you so much for the support you have offered your children with this and we look forward to seeing next term's creations

Clubs

We are so excited to be starting a range of clubs when we return after half term. There are spaces left in some of the clubs offered, so if your children are interested in joining us, please contact the office if you want to find out more. Each half term the clubs offered will change, and different classes will be given different opportunities.

Reading

We often don't realise the impact we have on children's views of reading, but since launching our Reading Challenge it has been fantastic hearing the children's excitement about sharing books with adults at home. Many have loved having opportunities to share books and discuss what they are reading with you - thank you for everything you are doing with regards to this.

Harvest Festival

Thank you for donations for our Harvest Festival, all the produce collected will go to those in needs via the Bourne Foodbank. This year, with the help of Father Ed, we focused on our environment during the period of Harvest. Children reflected on what they can do to protect our environment, and how fortunate we are compared to other people around the world.

School Visitor

We welcomed Mrs Carter to our school this week. We are fortunate to have valuable expertise working within LAAT such as Mrs Carter who will be our School Advisor moving forward. It was wonderful to be able to show her around our school, and for her to meet our children and staff. We are really looking forward to working with her moving forward.

School Lunches

Please remember to order school lunches as soon as possible for the start of next term. Should you have any queries regarding ordering please contact Willoughby Foods Tel: 01205 351133.
