

NEWSLETTER

Number 5

26th November 2021

Welcome to another newsletter, we are now preparing for that exciting time of the year with lots of great activities planned and learning opportunities for the children.

Covid

We do still currently have cases of Covid within our community so please do be vigilant to the symptoms and carry on doing what you can to keep yourself and the community safe - we really do appreciate all your support with this.

Parents' Evening

Thank you for all those who attended Parents' Evening, our teachers really value that time to talk to you about your child. Over the next week, your child will bring home resources that will help you support them with targets communicated to you this week. If you are unsure how to use these resources, please do put a note in your child's Home School Communication book so we can contact you.

Our Curriculum

It is wonderful for our children to see the people that they are learning about and also wonderful to see them valuing their learning. This term we have had recognition from Malorie Blackman, Ed Stafford and Hilary Robinson who have all encouraged our children to carry on doing their best. We have also received some very supportive and complimentary comments from some of these people and others surrounding our curriculum that we continue to evaluate and develop to ensure our children develop a love of learning and are prepared for the future.

Virtual Reality

The children had a fantastic day taking part in their virtual reality workshops. It was wonderful to see them so engaged with the themes they were exploring and in awe of the technology. The whole experience created a real buzz around school. I especially enjoyed one comment: "I thought the goggles put me in a machine and took me to the rainforest, I didn't know I was still in my classroom!"

Children's Mental Wellbeing

The mental wellbeing of our children is hugely important to us. We have been made aware of this useful resource that offers advice for families when dealing with a range of situations that could occur. I would recommend having a look at it to see if it could benefit your child in anyway.

Peterborough Phantoms

We were lucky enough to have Jordan Marr from the Peterborough Phantoms Ice Hockey team join us this week to talk to children about the team and perseverance. Your child will be bringing home a ticket offer today for an up-and-coming match. It would be great to take advantage of this and have a great evening at the Ice Hockey!

Poppy Appeal

Thank you so much for your generosity, we raised over £129.20 which is a fantastic amount to raise.

Christmas Events

Our KS1 children are enjoying learning the songs for their Christmas Performance. Parts will be coming home with them today.

Christmas Jumper Day will be on Friday 10th December.
